The Global Research website publishes news articles, commentary, background research and analysis on a broad range of issues, focusing on social, economic, strategic and environmental issues.

[Truth In Media](#)

The Truth In Media Project, founded by award-winning journalist Ben Swann, is THE source for uninfluenced, reliable and fearless news. Mainstream media has failed to provide an honest representation of current and past events, and the public is fully aware. Your news or vision of current events at home or across the globe must not be leveraged. Earning his master's degree in history at age 16, amassing journalistic awards including Emmy's and Edward R. Murrow awards, Ben's mission has always been clear: journalism, the Fourth Estate, must be free from undue or corrupting influence. Whether challenging the "Left vs. Right paradigm" or witnessing firsthand the misrepresentations of the Mexican drug war, Ben's mission is focused, intentional and highly credible.

[Activist Post](#)

Interrupt your regularly scheduled programming! Covering topics of economy, war, politics, environment, health, activism and technology, Activist Post offers alternative news for enlightened minds.

[Zen Gardner](#)

Zen Gardner likes to distill, synthesize and pull up the big picture – and then reveal how all of this affects the individual and the motivating realities that lie beneath. What is our role? What do we do or not do now that we know we've been deceived on so many levels, all while keeping an attitude of conscious awareness? The awakening is an amazing phenomenon that even so-called alternatives and activists are often cynical about. This is because many haven't yet seen or felt the shift fully for themselves or identified the amazing manifestations of this rise in conscious awareness. Moving into the next

dimension of understanding – intuition, heart knowledge or whatever people want to call it – is the final frontier for humanity and our true source of power. Once we fully awaken, the playing field morphs into a whole new paradigm with much greater means of effectiveness becoming available.

[The Last American Vagabond](#)

Traveling the world and writing what the people need to know, The Last American Vagabond is a site by truth-seekers, for truth-seekers. Covering a broad range of topics, from conspiracy to cannabis, from spirituality to finance, and natural health to the police state, this site is a great resource. Its motto? "Follow the change. Be the change."

[The Anti-Media](#)

Anti-Media is an independent media outlet with aims at producing original media content outside the confines of the corporate controlled media. They are very hard-hitting and in your face on a wide range of issues the mainstream media ignores. At *Anti-Media*, they offer a new paradigm—a bottom-up approach for real and diverse reporting. It seeks to establish a space where the people are the journalists and a venue where independent journalism moves forward on a larger and more truthful scale. All the while, this effort is driven and controlled by a community of journalists and truth-seekers around the world.

[Common Dreams](#)

Their mission – To inform, inspire and ignite change for the common good. *Common Dreams* is a non-profit independent news center created in 1997 as a new media model. *Common Dreams* maintains an editorial independence their readers can count

on. They are optimists. They believe real change is possible. But only if enough well-informed, well intentioned – and just plain fed up and fired-up – people demand it. They believe that together we can attain our common dreams.

Truth Out

Truthout is a non profit organization that works to spark action by revealing systemic injustice and providing a platform for transformative ideas, through in-depth investigative reporting and critical analysis. They believe that the mainstream media increasingly practices self-censorship, and that it ignores many opinions and historical events. With the media distorting or ignoring information, it's often very hard to get an accurate picture of a problem, even while watching the news.

[The Free Thought Project](#)

It is the mission of *The Free Thought Project* to foster the creation and expansion of liberty minded solutions to modern day tyrannical oppression. They feel the internet has given way to a revolution of consciousness by providing for the massive and instantaneous exchange of information across the globe. *The Free Thought Project* feels that the internet is a place that can either ruin or expand the minds of individuals and that choice is up to you. Hateful and obstinate ideologies cloud the web and often the minds of those who can't see through them. They want to change this paradigm by providing a beacon of truth amongst all the lies.

[Educate Inspire Change](#)

EducateInspireChange was created in 2012 to help keep people informed, to encourage people to expand their consciousness and to inspire people to reach for their dreams.

They believe that to create real positive change in this world we need to first change ourselves, this might mean living more sustainably, eating more healthy, understanding yourself better...ultimately anything that improves your state of mind as this will help to make the world a better place.
